Day 4 Suzhou "Boat ride on the Grand Canal"(\$40)

We'll be taken on a boat ride on the Grand Canal, which passes through Suzhou. Explore a portion of the world's longest man-made waterway as you drift along Suzhou Ancient Grand Canal, a part of the World Heritage-listed 1,776 km (1,104 mi) long canal. Built in stages going all the way back to 2,400 years ago, today the canal still buzzes with industrial and agricultural activity. It has played an important role in the development of water, conservancy and the economic and cultural exchange between the northern part and the southern part of China. Contemplate this long history on a boat tour of the canal, with over 80 km (50 mi) of scenery and cultural sites along the way, including ancient waterside dwellings, old city gates, stone bridges, and temples. Cruising the Canal in Suzhou you can view the daily life of the people living on the both sides of the canal as well. Taking a boat ride on the Grand Canal is analogous to taking a gondola ride down the water avenues of Venice.
